- Wonka is a breeding bull! His first daughters have both beautiful calves and beautiful udders! His BW EPD is now below breed average yet his weaning power ranks him above 97% of all Hereford sires.

- We cannot say enough good things about this popular young sire! When you research the legendary cowmen that used the cattle building his genetics, you will also find a grand listing, men like Doug Gerber, Frank Felton, David Largent, Bob Schafer, Doug Bennett, Jack Cooper, Glen Klippenstein, Les Holden, Ferry Carpenter, Gene Wiese, Charlie Deschmaker and many others. To quote another great cowman, Mark McClintock, after seeing Vision and his progeny that are selling, "I don't know what you paid for him, but whatever it was... you stole him!" Several top cattlemen of today describe his mother as the best cow at Star Lake Cattle Ranch. Vision's full sister topped their spring sale at \$45,000, going to Grassy Run Resources and Thomas H. Mead. In addition, even though he sees very heavy use in rough terrain, he continues to be an athletic and sure breeder. Oh, one other outstanding and important mention, Vision is now a trait leader in the Hereford breed for an outstanding 6 total traits! No wonder his progeny have seen such outstanding rancher demand in our past sales!

- The 2013 Northwest Show Bull of the Year! A powerful genetic tool for all of us... he ranks above breed average in 11 traits. He has an outstanding working mother and has the style and carcass traits that could only come from his 7-times tracing to King Ten. Lot 1 alone will cause cowmen to love Desert Comfort! Several other lots will sell as well.

DESERT★MART REFERENCE SIRE TRIBUTE

KING TEN

This sire is more than legend! He is a lot of what breeding profitable cattle is all about. Even though he was born some 38 years ago, the large number of descendants being widely used all across our industry today is continually elevating his popularity. We feel very fortunate to be the #1 FOUNTAINHEAD SOURCE of King Ten genetics. To further demonstrate this unique opportunity for raising real “more dollars” cattle, each lot will have the number of times that he or she traces back to King Ten listed under the lot number.

BREED AVERAGE EPDS

(For 2011-2012 born calves)

3.5	45	74	18	41	0.27	0.05	21
------------	-----------	-----------	-----------	-----------	-------------	-------------	-----------

While very few individuals have or should have superior EPDs in every trait, we think after inspecting the EPDs on this year's offering, you will agree that they are in a class of excellence all by themselves. The great aspect of this sale is that all the cattle have superiority in several key areas or they would not be in the sale!

*L3 Lady Gear 328 — 2013 Junior National Division Champion
 Granddaughter of Reference Dam E*

- The role model brood cow for any breeder, for any pasture, for any point in history! Born in Minnesota 14 years ago... then to Wyoming at age four... after proving herself in every way... sold to Nebraska at age eight, topping our 2007 production sale and now... in perfect rig and health... SHE IS BACK HOME IN WYOMING.
- CHRISTI HAS IT ALL...wonderful fertility, abundant pigment (eyes, feet and udder), superb teat size and placement with that moderate, “lasts forever” fleshing and ranging ability.
- SHE IS WHAT DESERT★MART IS ABOUT! HER INFLUENCE IS ALL THROUGH THE OFFERING!
